

ENGINEER “ALI MIRZA AND INCONSISTENCIES IN HIS SYSTEM OF BELIEVES.

Engineer “Ali: Mirza: Of Jhelum [Date of Birth :4:10:1977 CE] is an aggressive minded person and his mind is illogical and irrational. That is the reason there are some inconsistencies in his System of believes . How ever it requires a Critical and Logical Study of His system. Below we are providing one of

The examples of his inconsistent system. It may be noted that the Ebgineer “Ali: Mirza: appears to know his inconsistencies yet he hides them by remaining silent on them . Why because he is not interested in solving the problem of his Apostate System but to target symple minds of His Followers and Listeners. His is probably sure that they shall not study his system Critically ,logically and Analytically.

We are providing one of the examples of Inconsistencies which this apostate has attempted to hide.

Inconsistency Of The Religious System Of the Heretic and Deviant “Ali Mirza of Jhelum.

Believes of “Ali: Mirza: about Qur'a:n

Engineer “Ali Mirza: Claims that he believes that Qur'a:n is Ghair Makhluq [Uncreated] . Let it be called Statement A

-----→A

Now there are only two Logical Possibilities ['Al 'Ih:tima:l 'Al "Aqli:]

Either

Qur'a:n is Eternal [Qadi:m]-----→ B

Or

Qur'a:n is Non Eternal [Ghair Qadi:m] -----→ C

Or

Qur'a:n Is Neither Eternal Nor Non Eternal -----→ D

There is not fourth Logical Possibility about Holy Qur'a:n in regard to the Attribute of Eternity.

Consider “Ali Mirza: believes in A and B. -----C1

In this case C1 “Ali: Mirza is implied to believe that Qur'a:n is Eternal and Uncreated.

But Engineer “Ali: Mirza: cannot believe in this case since this is the belief of Majority of 'Ahlussunnah ("A ha:irah and Maturidiah). His former Teacher Zubair “Ali: Zai was against this view since to Believe that Qur'a:n is Eternal implies that Qur'a:n is not a Voluntary Speech of Deity [Sivine Essence= Dh:a:tul Bari:], Engineer “Ali: Mirza however believes that Deity (Nounly\Namely 'ALL-H) Speaketh By His Divine Will and not by the Intrinsic Nature of Divine Essence which is an implied Involuntary Attribute Of Speech of Deity.

Suppose that “Ali: Mirza of Jhelum believes in A and C -----C2

In the case C2 Qur'a:n is Uncreated and Qur;a:n is not Eternal.

If Qur'a:n is neither Uncreated and Not Eternal then Qur'a:n is directly Implied to be “ Neither Created Nor Eternal”.

That is Qur'a:n is Neither Created Nor Eternal -----E

So “Ali Mirza: Of Jhelum does believe in A,C and E. -----C3

If "Ali: Mirza: of Jhelum believes in A,C and E then:=

Engineer "Ali: Mirza Either believes that:

Qur'a:n is Associated with Divine Essence-----→ F

Or

Qur'a:n is Not Associated With Divine Essence -----→ G

Or

Qur'a:n is Neither Associated Nor Not Associated with the Divine Essence -----→ H

If Engineer "Ali Mirza: Of Jhelum Believes in A,C,E and F, THEN it means that He believes that Non Eternal Qur'a:n is Associated [Qa'im] With Divine Essence.-----→ C4

This implieth that "Ali Mirza: Must believe that Non Eternal [H:adith:] is associated With Divine Essence [Dh:tulBa:ri:]

But "Ali: Mirza: does not believe that Not Eternals are Associated With Divine Essence.

Therefore if Engineer "Ali: Mirza: Of Jhelum believes in A,C,E and F then his system is not Consistent id est his system is inconsistent.

If "Ali Mirza of Jhelum believes in A,C,E and G then:=

Engineer "Ali Mirza believes that:=

Qur'a:n is Uncreated ,Not Eternal and Not Associated With Divine Essence.-----C5

But he cannot believe in this since any thing that is Neither Associated With Divine Essence Nor Eternal is Created.

This implieth that Qur'a:n ceaseth to be Uncreated.

This contradiceth A.

So If Engineer "Ali Mirza believes in A,C,E and G then His system is inconsistent id est his system is not consistent.

If "Ali Mirza of Jhelum believes in A,C,E and H then:=

Qur'a:n is Uncreated ,Not Eternal and Neither "Not Associated With Divine Essence Nor Associated With Divine Essence".-----C6

He believes directly in Exclusion of Middle ['Irtifa:" Un Naqid:ain \Negation of two Negations].

This implies an inconsistency.

As there is no C7 ,C8.....and so on is Logically Possible this completes the proof that System of Engineer "Ali: Mirza is inconsistent.
